Deanna Watters is a senior law clerk with 21 years of experience. Deanna joined Paliare Roland in 2007 and primarily works on corporate and commercial litigation matters.

Deanna's advocacy experience encompasses all aspects of the litigation process, including trials and appeals. Deanna has expertise in large electronic discovery matters, forensic electronic document collection, and multi-party document management and review. Deanna's effective document management during the discovery phase provides clients with cost efficient results. The breadth of Deanna's experience in all facets of this practice area is an invaluable asset to clients and colleagues in the administration of complex commercial litigation matters.
